Bob, that's totally fine. I might just have CDM listen in by phone in that case.

For the larger meeting, how would 11/14 in the morning work by phone or in seattle? I'd like to get something on the calendar for the broader group if we can sooner vs. later.

Thank you.

Hi Sean,

Thanks for checking. Sorry for the delayed reply, I was traveling today. Yes, a small meeting to start would be great. I was planning to bring just Ryan so that he can hear your clarifications and walkthroughs directly (and maybe ask a few clarifying questions) but we are not planning to get into detailed discussions. If you would rather not have any consultants (CDM or AQ) that is good with me too.

Bob

Hello Bob,

I just wanted to check—do you anticipate getting into any details where we might want Anchor and CDM involved? I was thinking we were looking at a small meeting, (and the follow-on meeting including consultants, DEQ, and other interested TCT) but let me know if you think differently. Maybe we should start thinking of picking dates for that next meeting too.

Thank you.
